## All routes

Once on the **A701** to city centre, continue for approximately 3 miles which will take you through 2 sets of traffic lights (and 2 sets of pedestrian lights). At the third set of traffic lights, which are situated at the bottom of a steep slope, take the left hand fork (Liberton Brae). You will pass the **Braidburn Inn** pub on the left, and the first entrance to the **University of Edinburgh's Kings Buildings campus** immediately after.

Turn left at the traffic lights at the top of the road, following round with the University campus on your left. Turn left into the second entrance you come to (**Gate 1**), opposite a Garage. Take the second left (in essence carrying straight on, avoiding following the road round to the right). Head towards the building facing you - over the small roundabout. This is the SAC (Peter Wilson) building.

There is car parking available in front of the building and a car park to the right. If the car park barrier is in operation, please pull up outside the building and ask at Reception for a key.
