8. Declaration

I wish to apply for membership of the MV/CAE accreditation scheme. I certify that the details given on this form are to the best of my knowledge correct. For the purpose of the scheme, I agree to all relevant information concerning the health of my flock/herd being disclosed by my veterinary surgeon to the Scottish Agriculture College (SAC). This information will be treated in confidence

I have read and undertake to comply with the rules of the scheme. I understand that SAC, or their agents, may inspect my flock/herd, the premises and the flock/herd records in order to verify compliance with scheme rules, and that the evidence of failure to comply may result in the loss of status in my flock/herd.

SAC may vary the rules of the scheme and the level or method of charging and shall have the right to terminate the scheme. I am entitled to withdraw from the scheme at any time but, if so, no part of my fees will be refunded.

This table is based on a 95% confidence of detecting a seroprevalence of 2%.

Where only a proportion of the flock/herd is required to be tested (as per the above table);

- it must include all the males over 18 months of age used in the current or most recent breeding season.
- **All animals over 12 months of age that have been added to the flock/herd from other sources, and not tested since arrival, must be tested in addition to the numbers in the table above.**
